"IN A CLASS OF ONE"

JOHN 4:1-10

Math makes its way onto many pages of the Bible. From the very first chapter to the very last one, we have measured terms. But contrary to our equations, the Bible isn't restricted to such math when it comes to God. He stands apart from our numerical calculations!

THE PERFECT GOD MAN

① The _____ of Jesus

Jesus learned (i.e. _____ knowledge) about the Pharisees. It was not an omniscient knowledge!

Jesus, though God, learns things (Hebrews 5:8; Luke 2:52). _____ Himself increased in _____!

Seeking to leave, He must do so physically. Such a choice to sidestep _____ sources itself in biblical wisdom (Proverbs 14:15-16; 22:3).

Jesus, a Jew, interacts with this woman, a Samaritan. He wasn't afraid to cross party lines.

Without a cup, He would need to _____ her drinking vessel. He would need to drink from her water pot!

His willingness to move toward and not away from her evidences His _____.

② The _____ of Jesus

He is Savior ("Jesus") of all and Sovereign ("Lord") over all!

"He needed to go through Samaria" → Not a geographical necessity but a _____ necessity.

The God of _____ Water meets the woman at the well of _____ water.

CONCLUSION

Divinity meets humanity in Jesus Christ. How incredible! His humanity (1:36; 7:37; 8:59; 11:3,33,35; 12:27; 13:5; 19:28) fused with His divinity (6:35; 8:12; 10:7,11; 11:25; 14:6; 15:1).

"For we do not have a High Priest who cannot sympathize with our weaknesses, but was in all points tempted as we are, yet without sin." (Hebrews 4:15)

Jesus took time out of His journey to meet a despised woman at a well. And you?

Pray for it, then act upon it. After all, He is in control (Ephesians 1:11), He desires all men to be saved (1 Timothy 2:4), and He is not willing that any should perish (2 Peter 3:9).
